

John Martin Heritage Trail

South Section

Overlap with Northern Trail

✳ From this point there is a choice of routes, both are way marked.

- The direct route to Staward Pele is steep and reveals the dramatic position of the pele but can be very slippery after rain.
- The alternative route continues on the riverside path, with gorge scenery similar to that seen in some of Martin's paintings, before rising through the trees to join the path from Staward Pele. To visit the pele turn left along the ridge and then retrace your steps to continue the trail.
